

## Eligibility Screening

*(Please note: This screening does not include all eligibility criteria nor does it confirm eligibility)*

**1. How many people live in your home and buy and prepare food together?**

*This is the size of your household.*

**2. How much money does your household have in cash or in bank accounts, money market accounts, certificates of deposit, stocks and bonds, trusts, or from lump sum payments?**

*This is your countable resources. If your resources are less than \$2250, you may be eligible. If you are 60 or older, or disabled, your resources must be less than \$3250.*

**3. How much money does your household receive each month before taxes and deductions?**

*This is your gross income. If your gross income is under the limit for your household size, you may be eligible. (Households with persons who are disabled or 60+ yrs must only be under the net income limit)*

Household Size	Gross Income	Net Income

Household Size	Gross Income	Net Income

*\*effective 10/2015-09/2016*

**For net income screenings, deductions are subtracted from your gross monthly income.**

- Subtract the standard deduction: \$155 for 1 to 3 people; \$168 for 4 people; \$197 for 5 people; \$226 for 6 or more
- Subtract 20% of any earned income
- Subtract dependent care (child or elderly) if needed for employment
- Subtract child support if court ordered and being paid
- If a person is disabled or 60+ yrs and has over \$35 in medical expenses, subtract \$140 per month. If medical expenses more than \$175 per month, subtract the amount of medical expenses minus \$35.
- *(Shelter expenses **may** be an additional deduction, depending on the household's adjusted gross income)*
