

Sources of Reliable Information & Current Risk Assessment

March 13, 2020

The Food Bank actively monitors the Center for Disease Control and Prevention (CDC) and Virginia Department of Health website for the most up-to-date information on prevention and risk assessment of COVID-19 in the US and across the state. The CDC and VDH are reliable sources of information. Both organizations have email distribution lists that you can join to get frequent alerts about COVID-19. CDC and VDH also have active social media channels. If your organization is on social media, we encourage you to subscribe to their Twitter accounts and Facebook pages.

Websites: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>;
<https://vdh.gov>

Facebook: <https://www.facebook.com/CDC>

Twitter: @CDCgov @VDHgov

The CDC frequently updates its [Situation Summary](#) and provides a current risk assessment.
