**INDEPENDENT AUDITORS' REPORT**

---

**TO THE BOARD OF DIRECTORS  
BLUE RIDGE AREA FOOD BANK, INC.  
VERONA, VIRGINIA**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the accompanying financial statements of Blue Ridge Area Food Bank, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2025, and 2024, and the related statements of activities, functional expenses, and cash flows, for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Blue Ridge Area Food Bank, Inc. as of June 30, 2025, and June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Ridge Area Food Bank, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Ridge Area Food Bank, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## ***Auditors' Responsibilities for the Audit of Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Ridge Area Food Bank, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Ridge Area Food Bank, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, supplementary information and the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2025, on our consideration of Blue Ridge Area Food Bank, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Blue Ridge Area Food Bank, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Blue Ridge Area Food Bank, Inc.'s internal control over financial reporting and compliance.

### **NOTE 1 – NATURE OF ORGANIZATION:**

Founded in 1981 and headquartered in Verona, Virginia, the Blue Ridge Area Food Bank is a nonprofit organization and is the largest organization alleviating hunger in western and central Virginia. The Food Bank serves an average of 171,000 people per month across 25 counties and eight cities through distribution centers in Charlottesville, Lynchburg, Winchester, and Verona. With inflation rising in recent years, record numbers of Virginians are being served through the network of more than 400 community partners and program sites, which include food pantries, soup kitchens, shelters, schools, libraries health care clinics and more. The Food Bank is a partner member of Feeding America, a national organization supporting more than 200 food banks across the country and the largest domestic hunger relief agency in the United States. Through the Federation of Virginia Food Banks, Blue Ridge Area Food Bank and six other Virginia food banks collaborate and coordinate on statewide initiatives to improve nutrition security and empower strong, healthy communities.

Nutrition programs include the Family Backpack Program, School Break Boxes, Summer Kid Packs, Kids Café, Summer Food Service Program, the Reach Program, Neighborhood Produce Markets, Good Food School Market, Food Pharmacy and the Mobile Food Pantry. The Food Bank also partners with Virginia Cooperative Extension to offer Super Pantry, a nutrition education program.

The majority of Food Bank funding and support comes from financial contributions, government grants and distribution assistance, and in-kind food donations. Food includes fresh produce, meat, dairy, and shelf stable goods secured through USDA programs, retail grocers, farmers, manufacturers, and community food drives. In fiscal year 2025, of the 32.3 million pounds distributed in network, 11.5 million pounds came from retail grocers, and 9.9 million pounds were fresh produce.

The Food Bank's distribution centers rely heavily on volunteers to assist with produce sorting and food packaging activities. In fiscal year 2025, community volunteers contributed over 27,500 hours to Food Bank operations, the value of which, if recorded, would represent fourteen full-time employees.

### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The financial statements of Blue Ridge Area Food Bank, Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America.

#### Basis of Accounting

The statements are prepared on the accrual basis of accounting.

#### Financial Statement Presentation

The Food Bank reports information regarding its financial position and activities according to the following two classes of net assets based on the existence or absence of donor-imposed restrictions:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed stipulations, or the net assets that were donated with donor-imposed stipulations and released from restriction within the same fiscal year. Net assets without donor restrictions for the year ended June 30, 2025, and 2024 amounted to \$38,296,124, and \$35,471,359, respectively.

Net assets with donor restrictions - Net assets with donor restrictions are resources whose use by the Food Bank is limited by donor-imposed restrictions. This category includes donor restrictions that are temporary or time restricted in nature, and those that neither expire by being used in accordance with a donor's restriction nor by the passage of time. Net assets with donor restrictions for the year ended June 30, 2025, and 2024, amounted to \$3,523,870 and \$3,586,893, respectively.

#### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### Cash and Cash Equivalents

The Food Bank considers all highly liquid investments that can be readily converted to cash or with a maturity of ninety days or less when purchased, to be cash equivalents. Cash equivalents are stated at cost, which approximates market value. Cash held for long-term investment is classified as investments. Accounts in the bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At times, deposits exceed federally insured limits.

##### Investments

Investments are reported at fair value. Investment return is reported in the statements of activities as an increase in net assets without donor restrictions unless the use of income is limited by donor-imposed restrictions. Investment return whose use is restricted by the donor is reported as an increase in net assets with donor restrictions. Investment return directed to operational expense is recorded as an increase in net assets without donor restriction. Investment return includes dividend and interest income and realized and unrealized gains and losses on investments carried at fair value.

##### Net Assets

The accompanying financial statements present information regarding the Food Bank's financial position and activities based on the existence or absence of donor-imposed restrictions as described below. Net assets without donor restrictions are free of donor-imposed restrictions and represent the portion of resources that are available for support of operations. Board designated net assets represent resources that have been designated by the Board for future needs of the Food Bank. Net assets with donor restrictions represent amounts that are specifically restricted by donors or grantors for various purposes or time periods.

In accordance with the Feeding America Member Contract, the Board of Directors has designated certain assets be held as operating reserve in an amount no less than three months' average operating expense less donated food, pass-through expenditures, and depreciation. Additionally, the Board of Directors has designated certain assets be invested long-term as quasi-endowment to support the mission of the Food Bank by generating income for current and future needs of Food Bank programs. The Board policy is to accept donor gifts restricted for endowment, and for bequests without donor restriction of \$25,000 or more, to designate 90% of the gift for the quasi-endowment. At this time, all quasi-endowment funds are without donor restriction and as such, invasion of the principal by the Board is permitted under special circumstances and subject to the Food Bank's investment policy.

Additionally, the Board designates certain assets be reserved and invested long-term for supporting funding for long-term capital investment projects and acquisitions and for organizational capacity building or significant non-recurring expenditures that are above and beyond annual operating expense.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

Inventory

Inventory consists of purchased, donated and government foods. Purchased goods are valued at cost on a first in, first out basis. Donated and government goods are valued using Feeding America's Independent Accountants' Report of the estimated weighted average wholesale value of such goods. Management believes this benchmark reflects the most accurate basis for estimating the value of the Food Bank's donated food goods, and it is a widely accepted standard used by other food banks throughout the United States. For the years ended June 30, 2025 and 2024 the value of donated goods and inventory balance reported in the statement of financial position was calculated and using the calendar years 2024 and 2023 estimates of \$1.90 and \$1.97, respectively, which were the most recent numbers available when the Food Bank's fiscal year ended.

Accounts Receivable

Accounts receivable, consisting of fees charged to member agencies as partial cost reimbursement of purchased food, and of governmental program reimbursements, are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a valuation allowance based on its assessment of the current status of individual receivables. Balances outstanding after management has applied reasonable collection efforts are written off.

Contributions

Contributions, including unconditional promises to give or contributions receivable, are recognized as support with or without donor restrictions, depending on the existence and/or nature of any donor restrictions in the period the donor's commitment is received.

Contributed nonfinancial assets consist primarily of food donated by producers, manufacturers, the United States Department of Agriculture (USDA), and the general public. Contributed food is recorded as income and placed in inventory at the time of the gift.

The Food Bank receives volunteer services through a program funded by the Senior Community Service Employment Program. The value of such services is recorded as contribution with an offsetting expense based on the higher of the federal or the Commonwealth's minimum wage rate in effect at the time of service. Other volunteer services are generally not recorded.

Program Service Revenue

As specified in its membership agreement with agencies, the Food Bank may charge handling fees for certain donated items and for purchased food inventory. Agencies are charged a percentage of the food cost to help offset the cost of acquiring, storing, and distributing food. Fees for purchased food items are calculated at 75% of the Food Bank's purchased food cost. Delivery fees and handling fees for donated products continue to be waived. Revenue is recognized as services are provided for each program and is reported as revenue and net assets without donor restrictions, unless subject to donor restrictions.

The Food Bank does not charge a handling fee for the USDA commodities that it distributes. This particular distribution cost is partially reimbursed by the Federal Government, subject to funding availability. The Food Bank receives these administrative funds from the USDA through VDACS at various times throughout and subsequent to the end of the fiscal year. Amounts received are based on funds available at the Federal level and normally cannot be reasonably estimated. Consequently, the Food Bank estimates government revenue based on historical per pound funding rates realized.

#### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

##### Compensated Absences

Unused PTO of up to four weeks is paid upon termination, thus a liability is accrued for PTO time not taken. The Food Bank has established September 30 as the rollover date for employees where unused time is reduced to 160 hours as applicable. The Food Bank maintains a 'leave bank' of employee donated time which may provide up to eighty hours in a fiscal year for employees in extraordinary circumstances. The balance of compensated absences at June 30, 2025, and 2024 totaled \$225,561 and \$258,384, respectively.

##### Property and Equipment

Property and equipment are stated at cost when purchased or at fair market value if donated, less accumulated depreciation. The Food Bank capitalizes assets that benefit future periods with a cost of \$1,000 or greater. The straight-line method of depreciation is used over the following ranges of estimated useful lives.

Buildings and improvements	40 years
Improvements	16 years
Refrigerated Trucks	10 years
Coolers, freezers, forklifts	10 years
Other equipment	4-7 years
Software	4 years
Furniture	8 years

##### Income Tax

The Food Bank is tax-exempt under Section 501 (c)(3) of the Internal Revenue Code (IRC). In addition, the Food Bank has been determined to not be a "private foundation" within the meaning of Section 509(a) of the IRC and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(vi). The Food Bank had unrelated business income for employee parking benefits of less than \$1,000 and therefore, has made no provision for federal income taxes in the accompanying financial statements.

##### Promotion and Communication

The Food Bank utilizes many avenues for increasing community awareness of its programs and services including advertising, food drives, fund drives and third-party events. All costs are expensed as incurred.

##### Functional Allocation of Expenses

The costs of providing the various programs and supporting activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on quantitative amounts such as estimated time and effort, square footage, or number of assets in service.

##### Government Grants and Contracts

Support funded by grants is recognized as the Food Bank meets the conditions prescribed by the grant agreement, distributes commodities, performs the contracted services, or incurs outlays eligible for reimbursement under the grant agreements. Grant activities and outlays are subject to audit and acceptance by the granting agency and, as a result of such an audit, adjustments could be required. No provision has been made for any liabilities that may arise from such audits since the amounts, if any, for any impact from the revocation of future grant funds cannot be determined at this date.

### Notes to Financial Statements June 30, 2025 and 2024 (continued)

#### **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)**

##### Endowment and Quasi-Endowment Funds

The Food Bank maintains separate investment funds for Endowment (donor-restricted) and Quasi-endowment (Board designated) funds subject to the Board Investment Policy and the distribution guidelines therein. The Food Bank is subject to the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and, thus, classifies the principal amount in its donor-restricted endowment funds as net assets with donor restrictions. These net assets are to be held in perpetuity until or unless the Board of Trustees deems appropriation of such amounts as needed for operating expenditures. The earnings on Endowment funds are directed for operating expenditures and therefore recorded as unrestricted net assets. In accordance with UPMIFA, the Food Bank considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the organization
7. The investment policies of the Food Bank

The Food Bank has a policy of appropriating for distribution each year an amount based on each fund's average fair value and average return on investment over the prior twelve quarters through the calendar year-end preceding the fiscal year in which the distribution is planned. The Finance Committee may recommend to the Board a percentage of return to be maintained in the funds for investment growth. Earnings on quasi-endowments funds are designated for the support of the Food Bank's operating needs.

The Food Bank recognizes and measures its leases in accordance with FASB ASC 842, *Leases*. The Food Bank determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Food Bank recognizes a lease liability and a right to use (ROU) asset at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future lease payments. The discount rate is the implicit rate if it is readily determinable or otherwise the Food Bank uses its incremental borrowing rate. The Food Bank's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (i.e. present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) and prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

#### **NOTE 7 – INVESTMENTS IN MARKETABLE SECURITIES:**

The Food Bank's investments in marketable securities represent reserves, quasi-endowment, and donor-restricted endowment funds. Funds are allocated under policies for two different investment strategies, short-term and long-term, based on the intended use of funds and earnings and the timeline for same. Short-term investments may be used to support near-term budgetary needs and balance fluctuations in cash flows. Long-term investments support sustainability and long-term objectives of the Food Bank, and accordingly, the adopted policy for these funds incorporates the investment objective of preserving, protecting, and growing assets within reasonable parameters of risk tolerance.

Under the Board Investment Policy for long-term funds, assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P Equity index and the Barclays Aggregate Bond Index while assuming a moderate level of investment risk. Short-term investments are benchmarked to the three-month Treasury Bill. The composition of assets under each policy on June 30 follows.

	<u>2025</u>	<u>2024</u>
<u>Short-Term Investments</u>		
U.S. Treasury Bills	\$ 1,603,690	\$ 1,555,957

Total Investments	<u>\$ 27,266,801</u>	<u>\$ 23,167,451</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities and have the lowest priority. The Food Bank uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. As all of the investments consist of holdings that are publicly traded, management has classified all investments using Level 1 inputs.

Short-term and long-term investment activity with Net Asset classification and donor restrictions was as follows for the fiscal years ended June 30.

**NOTE 8 – BOARD DESIGNATED NET ASSETS:**

In August 2016, the Board designated certain assets be set aside as operating reserve and as quasi-endowment, and in August 2017, the Board established a capital reserve. Board policy requires a minimum of three months' cash operating expense be held in accordance with Feeding America policy.

The Quasi-Endowment was established for long-term investments to attract and manage future gifts, to generate current income and to steward donors through the assurance that financial reserves are used to support both current and future needs. Board policy now dictates that 25% of proceeds from unrestricted bequests totaling \$50,000 or more be added to the Quasi-Endowment as well as unrestricted gifts so advised. Annual distributions from the endowment funds will be based on a twelve quarter rolling average return of the quasi-endowment and the three-year average balance of the fund.

The Capital Reserve represents net assets without donor restrictions from operating surplus designated by the Board to support funding for long-term capital investment projects and acquisitions or other extraordinary expenses. Funds may be used to procure traditional fixed assets including buildings, land, leasehold improvements, vehicles, furniture, fixtures, and equipment necessary for the effective operation of the organization and programs.

Capital Reserve funds may also serve as a source of funding for organizational capacity building or significant non-recurring expenditures that are above and beyond annual operating expense. Funding goals are such that a minimum amount equal to the next three years' projected capital expenditures will be maintained with replenishment made from cash operating surplus.

Quasi-Endowment and Capital Reserve assets are invested in accordance with Board investment policy based on consultation with an independent advisor.

#### **NOTE 10 – RETIREMENT PLAN:**

The Food Bank maintains a defined contribution 401(k) plan under which all employees who have reached the age of 18 and have satisfied a 30-day service requirement are eligible to make elective deferrals, up to the maximum allowed by law. The Food Bank matches employee contributions 100% of the first 3% of employee compensation and 50% of employee contributions from 3% to 5%, for a total match of 4% on a 5% employee contribution. Also, an additional employer discretionary contribution may be made to all employees who have satisfied the plan's eligibility requirements and is based on a percentage of participant compensation. Retirement expense for 2025 and 2024 totaled \$159,897 and \$153,228, respectively.

#### **NOTE 11 – OPERATING LEASE RIGHT-OF-USE ASSET/OPERATING LEASE LIABILITY:**

The Food Bank conducts business from several locations, including branch facilities in Charlottesville, Winchester and Lynchburg, which are leased under operating leases. Lease terms expire from March 31, 2026 to August 31, 2026 and generally provide for optional lease periods at negotiated rates. As a result, the Food Bank has determined there is a high probability that all leases will be renewed for an additional term increasing the expiration terms of the leases to December 2026 to April 2032.

The Food Bank assumes all renewal options will be exercised and, accordingly, has recorded assets and related liabilities based thereon on its Statement of Financial Position in the amount of \$1,627,341 and \$1,708,374 at June 30, 2025 and \$1,343,064 and \$1,410,036 at June 30, 2024. A discount rate of 5.50%-6.06% and 5.50% for June 30, 2025 and 2024 respectively, which is the current borrowing rate provided by the Food Bank's financial institution, over the current lease terms, was used to determine the net present value of the right-to-use asset and related lease liability. The asset and related liability for June 30, 2025 were calculated as follows:

<u>Operating Leases</u>	Future Lease Payments Undiscounted	Discount Rate	Right-of-Use Asset	Right-of-Use Lease Liability
Winchester Branch	\$ 637,255	5.50%	\$ 602,373	\$ 556,616
Lynchburg Branch	291,000	5.50%	304,286	264,157

	<u>\$ 2,000,792</u>		<u>\$ 1,627,341</u>	<u>\$ 1,708,374</u>

The asset and related liability at June 30, 2024 were calculated as follows:

<u>Operating Leases</u>	Future Lease Payments Undiscounted	Discount Rate	Right-of-Use Asset	Right-of-Use Lease Liability
Winchester Branch	\$ 721,101	5.50%	\$ 661,997	\$ 610,368

**NOTE 12 – IN-KIND CONTRIBUTIONS:**

The Food Bank received the following contributions of nonfinancial assets for the years ended June 30:

	<u>2025</u>	<u>2024</u>
Program Services:		
Donated food	\$ 55,996,562	\$ 55,982,563

Management & General:		
Professional services	3,525	-
Total Contributed Nonfinancial Assets	<u>\$ 56,169,231</u>	<u>\$ 56,117,839</u>

Contributed food is valued using the amount calculated in the annual Feeding America commissioned study (see Note 2) and is distributed free of charge through partner pantries and Food Bank programs. Gift cards and account credits are recorded at face value and used to purchase food for distribution and for operating supplies. Subsidies, supplies, and professional services are recorded at the value supplied by the contributing vendor and reviewed for reasonableness. Services provided through the Senior Community Service Employment Program are valued at the higher of the federal or state prevailing minimum wage for the hours contributed.

In addition to contributed nonfinancial assets, volunteers contribute significant amounts of time to program services and fundraising activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles.

Contributed food received through USDA emergency food programs are distributed to recipients meeting government stipulations. All gifts-in-kind received during the years ended June 30, 2025 and 2024, were unrestricted.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

---

**TO THE BOARD OF DIRECTORS  
BLUE RIDGE AREA FOOD BANK, INC.  
VERONA, VIRGINIA**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Blue Ridge Area Food Bank, Inc. (a non-profit organization), which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 23, 2025.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Blue Ridge Area Food Bank, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Blue Ridge Area Food Bank, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Blue Ridge Area Food Bank, Inc.'s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Blue Ridge Area Food Bank, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON  
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

---

**TO THE BOARD OF DIRECTORS  
BLUE RIDGE AREA FOOD BANK, INC.  
VERONA, VIRGINIA**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Blue Ridge Area Food Bank, Inc.'s (a nonprofit organization) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Blue Ridge Area Food Bank, Inc.'s major federal programs for the year ended June 30, 2025. Blue Ridge Area Food Bank, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Blue Ridge Area Food Bank, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Blue Ridge Area Food Bank, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Blue Ridge Area Food Bank, Inc.'s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Blue Ridge Area Food Bank, Inc.'s federal programs.

## **Auditors' Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Blue Ridge Area Food Bank, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Blue Ridge Area Food Bank, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Blue Ridge Area Food Bank, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Blue Ridge Area Food Bank, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Blue Ridge Area Food Bank, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards:

Note A - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Blue Ridge Area Food Bank, Inc. under programs of the federal government for the year ended June 30, 2025. The information in the Schedule is presented in accordance with the requirements of the *Title 2 U.S. Code of Federal Regulations Part 200, Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Blue Ridge Area Food Bank, Inc., it is not intended to and does not present the financial position, changes in net assets, or cash flows of Blue Ridge Area Food Bank, Inc.

Note B - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note C - De Minimis Cost Rate

The Blue Ridge Area Food Bank did elect to use the 15-percent de minimis indirect cost rate allowed under Uniform Guidance.

Note D - Loan Balances

The Food Bank has no loans or loan guarantees which are subject to reporting requirements in the current year.

Note E - Food Donation

Nonmonetary assistance is reported in the Schedule at the fair market value of the commodities received and disbursed. At June 30, 2025, the Food Bank had food commodities totaling \$591,677 in inventory.
